

Diocese of La Crosse

Twelfth Grade Religion Assessment 2024-2025

The Diocesan Faith Knowledge Assessment is an online multiple choice and true-false assessment of the knowledge and understanding of Diocesan high school students. Test items have been selected by 12th grade religion teachers and are intended to reflect the curriculum taught in the Catholic high schools. The results should provide the school with a comparison between its delivery of instruction and that delivered to an “average” 12th grade Diocesan student.
