

St. Lawrence Early Childhood Center

Important Dates: Mother's Day Sunday May 13th

Royal Event: May 18-20th

Memorial Day: Monday May 28th

Letter from Child Care Director, Laura Cronan

As a mother of two children, as well as an educator, I am aware of parents' educational needs and wants for their children and more importantly from the care that is given to their child in their absence. Teaching children has been a part of my life since 1997 when I got my first teaching job as Family and Consumer Sciences teacher. I have taught students from ages 2-18 in the role of preschool, middle school, and high school teacher. I also have served communities as Early Childhood Family Life Coordinator during my early years at the start of my career. Working in the field of education allows me opportunities to always be learning something new to better myself as a teacher and providing helpful insights to help children grow and succeed.

I graduated from University of Wisconsin-Stout with a Bachelor's Degree in Home Economics Educational Services and earned credits through several graduate courses at University of LaCrosse, Hamline University, and University of Wisconsin-Stevens Point.

I am eagerly awaiting my start to be an intricate part of your child's future. I love to see the look on their faces when they learn something new. Watching them work together and accomplishing goals is an amazing feeling. Knowing that I played a part in that gives me great pleasure. I am looking forward to meeting the parents of all the children that I will serve and develop positive relationships with everyone. Trust and communication is of utmost importance to me.

I will be in the early childhood center during drop off times and pick up times to meet parents and students in May and early June. I am currently wrapping up a school year teaching at East Junior High. If you have any questions or concerns please feel free to contact me.

Your partner in education,

Laura Cronan

Enjoy Spring! I am looking forward to bike rides, planting flowers, and attending Rafters Games.

Giggles for All!

Where do library books like to sleep? Answer: Under the covers!

Sign up for the library program at McMillan and participate in the many activities.

Did you know? Reading aloud to children builds motivation, curiosity, and memory

How do you catch a squirrel? Answer: Climb up a tree and act like a nut!

Have Fun Together at family table: Take turns pretending to be a character everyone will know and guess who it is.

One more joke: Knock Knock

Who's There

Tank (Tank Who?)

You're very welcome!
