

## **UPDATE ON ASSUMPTION ATHLETICS SPECTATOR GUIDELINES DURING COVID-19 PANDEMIC & ANNOUNCEMENT OF PARTNERSHIP WITH ZALESKI SPORTS TO LIVESTREAM AHS FALL ATHLETICS**

Dear Royals Fans,

We're so excited to have begun fall sports at Assumption Middle School and Assumption High School in the month of September. The weather hasn't been the most cooperative for our Girls' Tennis Team, but our Cross Country runners have had great success so far - in fact the high school girls' team has taken first place in both of their meets already this season. Go Royals!

Assumption Volleyball takes to the court next Tuesday, September 15th and Assumption Football kicks off for the first time on Friday, September 25th. **We realize everyone is very excited to get back out there and cheer our players on to a Royal Victory - but there are some changes and guidelines in place due to COVID-19 that must be followed in order for our student athletes to stay healthy and to continue to have the opportunities to play the sports they love.** Indoor sports will be most affected by these changes, as we have additional limitations for spectators in the gym.

Therefore, in alignment with our fall sport conferences (Marawood and CWC) as well as guidelines set forth by the WIAA, the following is a summary of spectator limitations and requirements that we intend to enforce for Assumption Athletic events going forward and until further notice:

- **For indoor events at Assumption (volleyball), a maximum of 4 family members per player will be allowed to attend, at this time. Coaches from each team will coordinate with players to create a list of permitted spectators for each competition. Spectators and players must follow the statewide mask mandate while in attendance.**
- **For outdoor events hosted by Assumption, (cross country, tennis, football) we will not be restricting the number of spectators but we do ask that you practice social distancing guidelines while in attendance.**
- **PLEASE NOTE: Restrictions placed on each athletic event may vary based on the host venue of each competition. Please stay tuned and communicate with your student athlete for more information.**
- **Please be patient with us as we may not learn of changes to specific restrictions until the day of competition. We will do our best to communicate this information through the coaching staff.**
- **For a list of current AHS sports schedules, visit [www.assumptioncatholicschools.org/assumption-high-school/general-athletics-information/](http://www.assumptioncatholicschools.org/assumption-high-school/general-athletics-information/)**
- **If you're looking for the most up to date information on game times, cancellations or postponements, visit [www.marawoodconference.org](http://www.marawoodconference.org)**

There is some **good news** in all of this! Assumption Athletics is proud to partner with Zaleski Sports to bring you livestream action of our home/away football games, home and a few select away volleyball games, three tennis matches and hopefully the home cross country meet as well. This is offered to all Royals Fans for viewing at no cost. **Go to [www.Zaleskisports.com/live-sports](http://www.Zaleskisports.com/live-sports) to watch and cheer on our student athletes from the comfort of your home.** We hope to see you ALL back in our gym and on the bleachers very soon!

Thank you for your support and Go Royals!

Joe Birkhauser  
Assumption Athletic Director
