Dear OLQH Families,

School is in full swing and students are busy learning new information, participating in weekly mass, and making new friends. Our students are growing their literacy skills through our school wide *Superkids Reading Program*. I can say without hesitation that the best way to become a better reader is to spend time reading. Reading at home can make a huge difference! Family time is so important...Why not make reading part of this valuable time? Here are some tips for integrating reading into your daily family activities: - Read bedtime stories - Play a board game - Visit your local library - Read a recipe and cook something yummy together! - Create a comfy reading space in your home. - Put your child in charge of reading the grocery list at the store.

Our students have been learning about the virtue of faith this week. I have shared with them many Bible passages about people who have shown great faith. I encourage you to talk about this more at home with your families as well.

Many blessings,
Ms. Shelley Bruley

The Superkids Reading Program was recently purchased for all grades at our school. This program combines effective brain-based literacy instruction with engaging, character-based stories to build success—and helps our teacher develop the whole child from head to heart.

Mrs. Schoff's class enjoyed a Superkids lesson this week about Cass who loves to cook. The students had fun making their own cooking caps.
