

EARN AN ENGINEERING CERTIFICATE IN HIGH SCHOOL

Do you like problem solving? Are you detail oriented? Do you like to see your designs come to life?

Mid-State Technical College's Civil Drafting certificate can get you a head start in an engineering career. Have fun with designing and creating through computer-aided drafting (CAD) applications and cutting-edge computer generated virtual models.

Certificate Highlights:

- Flexible course offerings to fit in your high school schedule, including online classes.
- Complete in as few as five months.
- Classes begin each fall and spring.
- Pathway into the Civil Engineering Technology-Highway Technician associate degree.
